

ISMAIL MAZHAR

Business & Technology Student — Marketing & Entrepreneurship

Barcelona, Spain · ismail.mazhar2007@gmail.com · [linkedin.com/in/ismail-mazhar-494969262](https://www.linkedin.com/in/ismail-mazhar-494969262)

French & Egyptian citizen — full EU work authorization

Open to: Marketing · Sales · Operations · HR · IT for Business (Microsoft 365) · Management · Cross-Cultural roles — Internship / Part-time / Freelance — Barcelona, EU, or Remote — Available immediately

PROFILE

Second-year Management in Business & Technology student at La Salle – Universitat Ramon Llull, Barcelona (marketing minor), with a hands-on record of building things end-to-end: grew a self-improvement media brand to an international audience, then picked up AI-assisted development to design and ship five production web apps — from a bilingual Egyptian marketplace to a personal finance tracker. Confident selling face-to-face, leading small teams under deadline, and picking up new tools fast. Seeking an internship, part-time, or freelance role in marketing, sales, operations, HR, or general business/IT support.

EDUCATION

La Salle – Universitat Ramon Llull

2025 – 2029 (expected)

Management in Business and Technology — minor in Marketing — Barcelona, Spain

Currently in second year.

ESLSCA Business School

December 2025

Entrepreneurship & Innovation Program — Egypt

One-week intensive — built a business concept from scratch and delivered the final pitch to a panel of investors.

SABIS International School of Choueifat

2013 – 2025

American High School Diploma — 6th of October City, Egypt

Graduated with High Honors — GPA 3.67.

EXPERIENCE

Marketing & Sales Support — Canela Cai

2026

Freelance

- Supported social media marketing for the brand.
- Worked the floor as a promoter and salesperson at a large beach event, driving trials and on-the-spot sales.

Team Lead, Entrepreneurship Program — ESLSCA Business School, Egypt

December 2025

Program

- Led a team building a court-finder app concept from scratch — business model canvas, demo site, and marketing flyers.
- Planned the go-to-market and social media ad strategy.
- Delivered the final pitch to a panel of investors.

Founder & Creator — Self-Improvement YouTube Channel & Community

2023 – 2024

Independent — solo entrepreneurial venture

- Built a self-improvement YouTube channel and companion Discord community from zero, growing an engaged audience of young men across many countries.
- Turned that audience into a business: designed, built, and launched a sales website from scratch to package and sell original online courses directly to viewers.
- Delivered free 1:1 coaching calls (booked via Calendly) to clients of varied ages and backgrounds, converting an anonymous audience into a hands-on, word-of-mouth community.
- Owned content production solo end-to-end — writing scripts, filming and editing every video (CapCut, Clipchamp), and designing thumbnails from scratch in Canva — while applying YouTube growth and audience-retention tactics to keep scaling reach.

Sales Associate Intern — Hamleys

2023

Internship

- Assisted customers on the shop floor and gave product recommendations.
- Retrieved stock and supported day-to-day shop operations.

INDEPENDENT PROJECTS

Ismail Mazhar — CV

Designed and directed with AI-assisted development (Claude) — product scope, decisions, and content throughout.

Bee3 (بيع) — Co-Builder, with family

bee3-irid.vercel.app

Bilingual (Arabic RTL / English) secondhand marketplace for Egypt — EGP pricing, governorate-based locations, and local payment methods.

Absolute Command Centre — Co-Builder, with family

absolutechoiceproperty.com

Internal dashboard for a family property business — client and prospect records, pipeline stages, and a shared team view.

Xpenses — Creator

xpenses.ismail-mazhar2007.workers.dev

Local-first expense tracker (PWA) — budgets, savings goals, and week-over-week spend trends. Personal MVP.

BookVault — Creator

b-vault.netlify.app

Book discovery and tracking app — live search by genre, recommendations, and reading progress.

WanderSwipe — Creator

wanderswipe.netlify.app

Tinder-style travel destination discovery app — swipe, filter by country/price/season, and save favorites.
